

## JOIN THE CARE SUPPORT TEAM

**NEW PROGRAM IDEAS:** The WSA Care Support Program team continues to develop programs to help Subud members in need. We are looking for new ideas and help in implementing them.

### **CARE SUPPORT REPRESENTATIVES:**

The primary existing program is the personal emergency fund run by the Subud Emergency Fund team. This program requires local Care Support Representatives in as many countries as possible. On-the-ground knowledge of conditions and assistance with access to local programs is of great help to the team. For these reasons, we are looking for reliable and accessible Care Representatives who understand local conditions.
